## News Report from Edmonton

By Ken Mason

EDMONTON — Surveys and planning are going on behind the scenes for what may ultimately be one of Alberta's biggest hydro-electric projects.

The site of the proposed development is on the little-known Brazeau River, about 100 miles southwest of Edmonton and a few miles upstream from the point where it flows into the North Saskatchewan River.

No announcements have been made, and the official word is nothing final has been decided. But Calgary Power Ltd. is definitely interested in the possibility of building a dam in the area and has conducted extensive surveys.

An announcement one way or the other should be forthcoming soon.

If the dam is built it will be significant not only for the increase in Alberta's electric power output, but also for several important side benefits.

The most important would be the ending of pollution in the vast area along the North Saskatchewan River, and for that reason the provincial government is hoping Calgary Power will decide to go ahead.

## Business and Customers Like Monday Closing

(Sedgewick Press)

Several motions were passed at a dinner meeting of business men representing Loughheed, Killam, Sedgewick, Viking and Daysland. C. Bearis acted as chairman of the meeting.

After an enjoyable dinner, a few words were welcome were given by H. W. Smith, Mayor of Sedgewick.

The main item of business was the general discussion of the Monday store closing, and open all day Wednesday and Saturday nights until 10 p.m. To the surprise of a number of the representatives, Loughheed, Sedgewick and Killam spoke in glowing terms of the Monday closing venture. All were very pleased at the co-operation of the public and the shoppers.

Sitting in as guests were representatives of Daysland and Viking, who also voiced their surprise at the success of Monday closing. These towns have similar plans under way.

The following motions were passed at the meeting by Loughheed, Killam and Sedgewick:

1. That Monday closing all day Wednesday open all day be continued on a permanent basis;

2. That Saturday night opening until 10 p.m. be continued each year as of May 1 to October 31, with the other months closed at 6 p.m. except for the special Christmas shopping hours;

3. That the post offices in Killam, Loughheed and Sedgewick be asked to open all day Wednesday to conform to shopping hours;

4. That Killam liquor store be asked to change to Monday closing, as all felt public would be better served.

It was agreed that much was accomplished by mutual viewpoints, and that all help possible should be given to other towns contemplating a similar move.

We are informed that Wainwright is interested and has asked for a delegation to meet with the businessmen men there to discuss the matter.

It was suggested that all towns contact the bank with the view of Monday instead of Saturday closing, as all felt public would be better served.

## FARM SAFETY WEEK STARTS JULY 21

For the second year in succession a Farm Safety Week to be observed on a province-wide scale has been proclaimed by the Alberta government.

The period will open Sunday, July 21 and end Saturday, July 27. It is expected that throughout the province, intense efforts will be made to promote farm safety and remove hazards.

The proclamation says statistics compiled by the Alberta Safety Council show that in 1956, 66 farm residents lost their lives through accidents which occurred on farms in Alberta. Of this total, 21 were children under the age of nine years and eight were young persons between the ages of 10 and 21.

Attention is drawn to the in-

creased use of power machinery on farms which tends to widen the risk of accidental deaths and injury.

The proclamation says it is desirable that public attention be directed to the extent and underlying causes of the preventable loss of life from unnecessary farm hazards. Thus it has been determined that a specific period of the year should be set apart to supply information on the most practical means for reducing the unnecessary loss of life from farm hazards.

The L.O.B.A. is sponsoring a dance in the North Community Hall on July 26th. Music by Larson's orchestra. Lunch will be served.

Four generations of one family attended the L.O.B. church service at Irma last Sunday. Namely Mrs. J. Fenton of Wainwright, her son Mr. Eldon Fenton, his daughter Mrs. Mervin Stephenson and her small daughter Kathy. Another daughter of Mrs. Fentons, Mrs. E. W. Cartier, was also present.

Miss Marilyn Hill and Shirley Mae Brown of Edmonton spent last week-end at their respective homes here.

Linda Guy celebrated her 7th birthday on Wednesday of this week.

Eight Irma lassies are attending CGIT camp at Hardisty Lake this week. The boys have already had their camp and it looks as though the dry spell which they enjoyed may be breaking up a little and the girls may have to take part in more indoor activities.

At time of writing, Wednesday p.m., a much needed rain is falling. If it lasts till Sunday as we heard Mr. Harry Halvorsen hoping it might, we still won't have too much moisture.

Mr. and Mrs. Bill Benstead and Mrs. Harry Belore of Evesham, Sask., visited on July 4 at the home of the latter's aunt Mrs. V. Herbert and also with other relatives and friends in this district.

Mrs. D. L. Tate and Miss Flewellan are holidaying at Grande Prairie at the home of Mr. and Mrs. Geo. Nagy (the former Ethel Tate). Miss Margaret Tate of Vancouver will join them there shortly.

Congratulations and best wishes to Mr. and Mrs. Hughie Kennedy who celebrated their Golden Wedding on July 12.

Mrs. W. Symington is a patient in the Viking hospital this week.

Visitors at the Art Gwinn home last week were Mr. and Mrs. Lewis Gwinn and Trudy of Saskatoon and Mr. and Mrs. Hughie Millar and family of Edmonton.

We are sorry that a donation to the Bethany Homes from Mr. and Mrs. J. W. Matthews and girls in memory of little Mary Ward, who was somehow missed out from an earlier issue.

Among those who wrote the Toronto Conservatory - Music Exams in Wainwright were Gloria Savard who received honors for Grade 3 and Myrna Taylor passed the Grade 4 exam.

Miss Eileen Anquetst leaves Irma this week-end for a two week vacation with relatives at Duncan, B.C.

Official delegates to the OORP convention in Vancouver are Mesdames Eileen Prior, Lois Jack and Ruby Prior.

Also to Vancouver by car this week are Mrs. L. H. Barnes, Mrs. Bert Long, Mrs. C. Pyle and Miss Audrey Jones.

Mr. and Mrs. S. M. Brown and Shirley Mae attended the wedding of Miss Marjorie Gregor and Mr. William Oshchuk at Vermilion United church on July 12. Shirley Mae was organist on this happy occasion. The wedding reception was held at Heinberg.

Bobby Mills of Hanna is visiting with relatives here.
